The information provided here was compiled in a manner designed to meet school instructional planning needs and will differ from state figures used for evaluation.

Enrollment figures are based on enrollment at the end of the school year.

Suspension data and school attendance are based on reporting site.

TCAP results are based on test location, with the except of Gateway which includes results for students tested in middle school.

TCAP results include all students tested, regardless of NCLB exclusionary criteria, but do not include portfolio results.

TCAP test scores with 7 or fewer students have been left blank intentionally to protect student privacy.
